Industry
Education / Training / Teaching / Academics

Functional area
R&D / Research & Development

Preferred locations
United Arab Emirates (UAE), Saudi Arabia, Qatar, Oman, Kuwait, Bahrain

Preferred designations
Research Engineer, Manufacturing Engineer, Material Engineer

Preferred industries
Engineering Design & Consulting, Industrial Products / Heavy Machinery, Metals / Steel / Iron / Aluminium / Fabrication

Availability to join
1 month

Language known
English, Hindi, Urdu

Date of birth
March 15, 1990

Religion
Islam

Marital status
Single

Driving license from
India

Visa status for
United Arab Emirates (UAE)

Visa valid till
December, 2026

Profile summary

Senior Materials Engineer and Additive Manufacturing specialist with a PhD in materials science and technology, and 10+ years of industrial-research experience in the UAE and India. Hands-on expert in composite 3D printing, with specialized skills in NiTi shape memory alloys and lightweight lattice design (TPMS). Technical toolbox includes Stratasy... Show More

Work experience

Research Associate at New York University Abu Dhabi in Abu Dhabi
Sep 2024 till Present (1 Year, 8 Months)

Notice period	1 month
Industry	Education / Training / Teaching / Academics
Functional area	R&D / Research & Development
Work level	Non Managerial Level

- Additive Manufacturing
- Metamaterials
- TPMS Cubes and Beams
- Mechanical Testing
- Materials Characterizations
- Experimental Research

Postdoctoral Researcher at Khalifa University in Abu Dhabi
Feb 2020 till Jun 2024 (4 Years, 5 Months)

Literature Review and Additive Manufacturing Techniques: Conducted extensive review of additive manufacturing methods for NiTi shape memory alloys, focusing on LPBF techniques like SLM. Experimental Characterization and Testing: Examined properties of additively manufactured NiTi TPMS structures, including Schwartz primitive and Schoen gyroid lattic...
Show More

Project Fellow at CSIR-Advanced Materials and Processes Research Ins in Bhopal
May 2013 till Aug 2014 (1 Year, 4 Months)

Extensive scientific research experience with experimentation, data analysis, teamwork, problem-solving, and effective communication. Proficient in relationship building, negotiation skills.

Engaged in diverse experimental tasks: alloy synthesis, metallography, heat treatment, and material characterization using spectroscopy, microsco...
Show More

Lecturer at Oriental Group of Institutions in Bhopal
Sep 2012 till May 2013 (9 Months)

Engineering materials, machine component design, mechanics of materials, and basic mechanical engineering. Conducted laboratory activities for practical learning.

Positive student feedback, completed syllabus on time, promoted academic excellence, supported student im-

Education

Ph.D/Doctorate | Engineering Science
Academy of Scientific and Innovative Research
2019

Bachelor of Technology/Engineering | Mechanical
Rajiv Gandhi Proudyogiki Vishwavidyala
2012

Curriculum Vitae

Dr. Shahadat Hussain

Additive Manufacturing · Materials Engineering · Smart Manufacturing

Abu Dhabi, UAE | shahadat_ind@yahoo.com | shahadathussain.com | linkedin.com/in/shahadathussain

PROFESSIONAL SUMMARY

Senior Mechanical & Materials Engineer with 10+ years of experience in additive manufacturing (LPBF, FFF, SLA), materials characterization, and mechanical testing. Specializes in NiTi shape memory alloys, TPMS metamaterial structures, and composite AM — with hands-on expertise across 10+ industrial-grade 3D printing systems and a full suite of characterization and testing equipment. Combines deep materials science knowledge with practical data science skills (Python, MATLAB, ML) to support Industry 4.0 and digital manufacturing initiatives. Currently based in Abu Dhabi, UAE with deep familiarity with the region's industrial and research landscape through years of work at leading UAE institutions. Seeking to transition into an industrial engineering or R&D role where advanced materials and manufacturing technologies create tangible operational impact.

CORE COMPETENCIES

Additive Manufacturing (LPBF · FFF · SLA)	Materials Characterization (SEM · XRD · DSC) & Mechanical Testing	Industry 4.0 / Smart Manufacturing
NiTi & Cu Shape Memory Alloys	TPMS / Metamaterial Structures	CAD & Process Parameter Optimization
Data Science & Machine Learning	Interpenetrating Phase Composite Manufacturing	Lab Management & Safety (EHS)
